

WEST SUFFOLK NETBALL WINTER LEAGUE 2014 – 2015

Welcome to the Winter League for 2014 – 2015, as per last year, the league has been split into three divisions based on where you finished in the Summer league. We have had 34 teams enter for the league so divisions 1 and 2 have 11 and div 3 has 12 teams.

Below you will find your divisions and contact details for the team (only have email addresses please exchange phone numbers if you wish), the league will run from now until March 31st 2015 and in that time you are to play each other once, it is entirely up to you as teams when and where you play your fixtures.

Prior to games being played please can you provide myself (sarahnichol@hotmail.com) with a copy of your team registration details, including affiliation numbers. **No games are to be played before this form has been received by me, no affiliation no insurance.** The form is the same as last year and should be completed with affiliation details and then sent to myself, this sheet should then be copied and used as the score sheet

The result sheet has been sent to you and should be completed correctly HOWEVER no player of the match is to be given, there is no requirement in the winter league to complete this. Scores can also be emailed through after the game but won't be included on tables until score sheet has been received.

A reminder to those who have more than one team you can play players from a lower team up twice, on the third time of playing, they then become a member of that team.

Umpires: Umpires for Division One MUST be C or above standard. Division Two preferably C or above standard, unless deemed competent by the committee to umpire higher (as shown on the umpire list), Division Three UMPIRES must have attended a beginners course and working towards taking their beginners test.

REMINDER: ALL UMPIRES MUST BE AFFILIATED TOO
